

Introduction to Java

Trainer’s Name: Ms. Shanmuga Priya

- History of Java
- What we can do with Java?
- Java Editions

Introduction to Java

Who? James Gosling and his team

When? 1995

Where? Sun Microsystems

Reason behind the name?

Oak - Tree

Java , Indonesia

What we can do with Java?

Desktop applications : Notepad, Calculator etc..

Web Applications : www.irctc.co.in

Mobile Applications : IRCTC Rail Connect

Cloud based applications : AWS tools

IoT : Embedded System

Java Editions

1) SE - Standard Edition

2) EE - Enterprise Edition

3) ME – Micro Edition

Java Editions

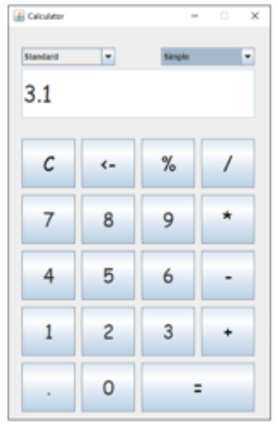

1)SE - Standard Edition

Core Java Concepts

- Basics
- OOPS
- Multithreading
- Collection
- Exception Handling
- etc...

desktop app
– non web app

Notepad

Java Editions

2)Enterprise Edition

Web application

Servlets , JSP , MVC Architecture etc..

Java Editions

3)Micro Edition

IoT devices

SIM cards

Java Editions and Their Name Changes

J2SE - JavaSE

J2EE - JavaEE - Jakarta EE

J2ME - JavaME

Sun Microsystems :Introduced java in 1995
1999 : J2SE ,J2EE, J2ME

Oracle – 2010 Acquired Sun Microsystems
Renamed:
J2SE → Java SE
J2EE → Java EE
J2ME → Java ME

2017 – Oracle transferred the development and maintenance of Java EE to the Eclipse Foundation, but it did not transfer ownership of the Java trademark

2018 – Eclipse Foundation renamed Java EE → **Jakarta EE**

THANK YOU
